

14 February 1950

[Redacted]

Dear Mr. [Redacted]

Thanks very much for your letter of 8 February 1950 with all the information — both about [Redacted] and about [Redacted]. We are interested in [Redacted] and shall get in touch with him and, as for the other information, that was simply more for personal use than anything else.

Thank you again for your kindness and I still am wishing for you the best of luck in the encounter with the Passport Division. That is a tough dragon but I hope you will be the St. George who can overcome it!

With best wishes, believe me,

Sincerely,
